## DOOR FRAMES

Dormak Frames are factory finished to match the aesthetic look of the door leaf and give a coordinated look to your vision. Other than wooden frames we have LVL & Plywood frames which are wrapped with veneer and CPL to match the finish of Doors.

Dormak frames are made using best quality wood which is kiln dried, imparting its tolerance to seasonal variations in weather. These frames are available in varying surface finishes be it natural, stained, painted, laminated, or veneered. To further enhance the look, architrave is used which covers the gap between wall and frame.

Architrave size can be customized as per customer's requirement.

# PRODUCT DISPLAY

We have all the right products for the right place. With hundreds of designs to choose from, you will get the perfect choice for your home. The designs we have are modern and are customisable. We are always here for you to achieve that. Of course, they are water resistant and easy to maintain! Look for your choices, pick the best ones, and go with it. Life should be chic, glamorous, and colourful. And so should your doors!

## DESIGN, GLAZING, MIRROR

You can choose different variants of aesthetics and intensity of the light flow.

Create your own design of doors

Available colour possibilities

Mirror - additional option

Collection of door leaves in Natural Veneer

## CONSTRUCTION

Choosing a type of construction you have an influence on: endurance, grade of stability, sound and thermal insulation etc.

FRAME-AND-PANEL Construction

Resistance to burglary class 2, class 3, class C  
Resistance to forced entry

Fire resistance EI 30, EI 60  
Ability to prevent the spread of fire, respectively 30 and 60 minutes

Smoke control class Sa, Sm  
Specifies smoke control class of the doors

Soundproofing Rw 27 dB D,25, Rw 32 dB D,30, Rw 37 dB D,35, Rw 42 dB D,40  
The value signifies the noise level in decibels, which is muffled by the doors

Weather resistance

Mechanical strength class class 1, class 2, class 3, class 4  
Load capacity depends on operating conditions

Porta CONTRACT  
Specialising in non-standard orders

## DOOR FRAME

The door frame is a part of door's equipment, its proper selection is as important as the door leaf. Special attention should be paid to the way of connection of door leaf and door frame surface among the numerous types of frames.

Non-rebated doors

Rebated doors

Available with Project door frame

Door frame can be adjusted

Trims available as 60 mm, 80 mm

The Retro module

## DOOR LEAF
